Dear Corinne,

Further to our recent conversation, I am pleased to provide you with this letter indicating that we would be happy to accept a Charter Application from Richmond, BC in 2018 and welcome them to our family. I know that you have a great working relationship with volunteers there and that you would ensure they have everything they need to bring Little League to the Richmond area, making it a truly community based program.

Please let me know if you have any questions or need anything else.

Warm regards,

Wendy Thomson  
Assistant Regional Director
